

Regarding MB Docket No. 04-233: I received notification today that my favorite radio station, K-LOVE is in jeopardy. If the LPFM stations are allowed to take priority over current FM translator service, K-LOVE may disappear from my radio. Please do not take this away. My family and I listen to K-LOVE daily. It is the one station which I can leave on and not worry about the content of songs and/or suggestive commercials, which is very important to me as the mother of a 5-year-old and a 14-year-old. We hear music that fits our taste and makes a positive impact on our family as well as the families of our friends and fellow church members. K-LOVE is a resource for us to find new songs to sing for performance which fit our Christian beliefs. The personalities on K-LOVE are just like family to us, and their voices are so encouraging. We also hear news from a Christian perspective. This station influences individuals in a positive way, and these individuals influence the world around them, whether they be pastors, church members, students in FCA or other organizations. K-LOVE news tells of happenings where people do inspirational deeds, which in turn inspires others to do likewise. Please don't "put sugar in the gas tank" by allowing K-LOVE to be displaced! Sincerely, Debra Bailey
